Overview

Social science research, which presupposes freedom of intellectual choice and opinion, that a developing nation must encourage. India has not only encouraged it, but also promoted it with state patronage.

Following the Independence of India in 1947, as part of our nation-building programme, there were efforts to make social science a holistic knowledge system. India's problems were unique and the tools available to study them were all invented in the West, which did not always prove useful. A strong need was felt to develop a methodology relevant for understanding Indian complexities in the field of social science research. Integrating our intellectual traditions with the forces of modernisation was a challenge that had its own positive and negative connotations. The State came forward with its interventionist role to take up the daunting task. It could not have been taken up by any other agency both for financial and operational reasons.

Towards this pursuit, on 12th December 1968, the Ministry of Education (now known as Ministry of Human Resource Development), Government of India, established the Indian Council of Social Science Research (ICSSR) as an autonomous organisation. The chief architects of this endeavour included Professor V.K.R.V. Rao, Professor D. R. Gadgil, Professor M. N. Srinivas, Professor P.N. Dhar, Dr. S. K. Mitra and Shri J.P. Naik, among others. The ICSSR was formally launched

in May 1969. It was considered a significant achievement of evolving Indian democracy.

Objectives of the Council are :

- to review the progress of social science research and give advice to its users;
- to sponsor social science research programmes and projects and administer grants to institutions and individuals for research in social sciences;
- to institute and administer scholarships and fellowships for research in social sciences;
- to indicate areas in which social science research is to be promoted and adopt special measures for development of research in neglected or new areas;
- to give financial support to institutions, associations and journals engaged in social science research;
- to arrange for technical training in research methodology and to provide guidance for research;
- to coordinate research activities and encourage programmes of inter disciplinary research;
- to develop and support centres for documentation services and supply of data;

- to organise, sponsor and finance seminars, workshops and study groups;
- to undertake publication and assist publication of journals and books in social sciences;
- to advise the Government of India on all matters pertaining to social science research as may be referred to it from time to time; and
- to take such measures generally as may be necessary to promote social science research and its utilisation.

six representatives of the Government of India nominated by the Government and Member-Secretary appointed by the ICSSR with the approval of the Government of India. The list containing members of the Governing Council is given at **Appendix-1**.

The ICSSR Secretariat is headed by the Member –Secretary and has 43 officers (**Appendix-2**) and other officials. The ICSSR’s professional staff, apart from official duties, are academically active and have also contributed a number of seminar papers and research reports during the year.

This is the 44th Annual Report of the Indian Council of Social Science Research (ICSSR) covering the period from 1st April 2012 to 31st March 2013. The ICSSR’s decision making body, known as the Council, has 26 members, which includes Chairman, 18 Social Scientists,

The Council has five standing committees comprising members drawn from the Council and from outside (not more than three). **Table 1.1** shows the number of meeting the Council and its Standing Committees held during the year 2012-13.

Research Promotion

Research Projects (Responsive)

The funding of Research Projects is one of the most important activities of Indian Council of Social Science Research. Under its programme of Research Projects (Responsive) it provides grant to social science scholars for conducting research on specific themes and issues as proposed by the applicants. In general, grants under this head are awarded to a study which proposes to contribute at a theoretical and / or conceptual level or aimed at generation of new field work based data and policy implications thereof. The studies could be both macro and micro in nature. The broad disciplines of study may belong to anyone of the following social science disciplines or may be inter-disciplinary in nature :

- i) Sociology and Social Anthropology.
- ii) Political Science/ Public Administration and Allied.
- iii) Economics and Allied.
- iv) International Studies.
- v) Social Geography and Population Studies.
- vi) Commerce and Management.
- vii) Social Psychology and Allied.
- viii) Education and Allied.
- ix) Social Linguistics/ Socio- Cultural and Allied.

- x) Law, International Law and Allied.
- xi) National Security and Strategic Studies.
- xii) Any other Social Science Discipline.

Objectives

The objective of the Research Project Programme is to support research, to achieve excellence in research activities in the social sciences.

The specific objectives of the Programme are:

- to support high quality independent programmes of research;
- to provide opportunities for training of future researchers;
- to contribute to the development of elaboration of new theoretical or methodological approaches to research;
- to maintain and sustain varied disciplinary research activities;
- to foster and promote collaborative, multidisciplinary research activities among researchers in the social sciences; and
- to facilitate communication of research outputs both within and beyond the academic community as well as provide policy inputs to administrators and policy makers.

The year – wise position of research projects sanctioned since the inception of ICSSR, projects cancelled/ withdrawn/closed and reports received till 31st March 2013, is furnished herewith in Table 2.1(a). Separate progress is shown in Table 2.1(b) for the research projects sanctioned under the North-East Programme.

During the year 2012-13, 458 research projects were sanctioned by the ICSSR on a wide range of issues. These included 79

projects to SC and 10 to ST scholars. Under the North-East programme, a total of 72 projects including seven to SC scholars and three to ST scholars were sanctioned during the year. The final reports of 106 research projects including 16 reports sanctioned under North-East Programme in the past were received during the year. The details of Research Projects sanctioned and final project reports received during the year have been given in **Appendix-3**.

Research Programme (Sponsored)

This programme of Research Studies (Sponsored) is a series of research projects conducted simultaneously or sequentially on themes of critical significance, focus on the issues of contemporary relevance, less explored areas of study and which involves policy implication.

The Indian Council of Social Science research (ICSSR) under its Sponsored Studies Programme invited proposals from individual/group of scholars/ institutions for commissioning research studies in the following thrust areas of social science research under the XII Five Year Plan 2012-17:

Themes under Sponsored Research Programme**I**

1. Growth, Poverty and Inequality.

2. The Agrarian Crisis.
3. Globalisation of Finance and its Implications.
4. Economics of Discrimination: Implications for Poverty and Growth.
5. Corporate Governance, Ethics and Corporate Social Responsibility.

II

1. Education—Issues Relating to Governance, Access, Equity and Quality.
2. Changing Nature of Caste in Urban and Rural Context: Patterns and Causes.
3. The New Indian Middle Class.
4. Economic and Social Issues Confronting The Religious Minorities.
5. Economic and Social Issues Confronting The Marginalised Social Groups.

6. Social-Psychology of Marginalisation and Exclusion.

III

1. Changing Nature of Public Protest and Political Mobilisation.
2. Identity, Interests and Coalition: Changing Nature of Politics in India.
3. Electoral Reforms and Representative Democracy.
4. Socio-economic Roots of Extremism in India.
5. Law and Justice in the Post-liberalisation Era.
6. Changing, Dynamics of State Politics: Implication for Indian Federalism.

IV

1. Changing Nature of Global Hegemonic Structures.
2. Emerging Challenges of Indian Foreign Policy.
3. Regional and Trans-regional South-South Cooperation.
4. India's Changing Security Environment.

V

1. The Urban Transformation: Governance, and Socio-Political Articulations.
2. The Post Liberalisation Rural Transformation.
3. Culture, Literature and Society: Emerging Trends.

4. Theoretical Approaches in Social Sciences.

5. Indian Intellectual Traditions and their Contemporary Relevance.
6. Social Media, Media Ethics and Regulations: The Impending Issues.
7. Research Methodology in Social Sciences with Focus on Disciplines of Political Sciences, Sociology, Psychology and Education.

VI

1. Gender Violence - Concept, Pattern and Incidence in Public and Private (Family) Spheres.
2. Gender Violence: Caste, Ethnicity, Religion and Regional Dimensions.
3. Social Roots of Gender Violence in India- Processes Related to Economic, Social, Cultural Transformation.

During the year 2012-13, 43 research studies were sanctioned by the ICSSR on the themes stated above. The details of sanctioned and final project reports received have been given in **Appendix-3**.

National Fellowships

Indian Council of Social Science Research (ICSSR), under its Research Fellowship Programme, has been offering National Fellowships on its own initiative to eminent social scientists who have made outstanding contribution in their respective fields of Social Sciences. The ICSSR has so far awarded 124 National Fellowships. During the year, 13 National Fellowships were awarded and two final reports were received (**Table 2.2**).

Senior Fellowships

Senior Fellowships of the ICSSR are awarded to such social scientists who have significant publications including books and research papers to their credit in professional journals. The ICSSR has so far awarded 507 senior fellowships. During the year under report, 40 senior fellowships were awarded and 10 final reports were received (**Table 2.2**).

Post-Doctoral Fellowships

Post-Doctoral Fellowships of the ICSSR are awarded to young social scientists who have completed their Ph.D. degree and are interested in pursuing their research activities further. The ICSSR has so far awarded 609 Post-Doctoral Fellowships. During the year under report, 200 Post Doctoral Fellowships were awarded and eight final reports were received (**Table 2.2**).

Doctoral Fellowships

The Doctoral Fellowships of the ICSSR are awarded to scholars who have a Master's degree

from a recognised Indian University with a first or second class and are registered for a doctoral degree in social sciences. The ICSSR awards these fellowships through two of its schemes: **(i) Centrally Administered Open Doctoral Fellowships** and **(ii) Institutional Doctoral fellowships**. Under the former scheme, the ICSSR awards fellowship on its own, while under the later the selected ICSSR Institutes make selection on their own. The fellowship is awarded for a period of two years extendable by one year in exceptional cases. The ICSSR has so far awarded 2651 doctoral fellowships. During the period under report, 78 doctoral fellowships were awarded in SC and 32 in ST Category, 308 in Open General Category and 80 Institutional Doctoral Fellowships were awarded. Statement of respective fellowships awarded year wise may be seen from **Table 2.2 to 2.4**. Partial Assistance Grant was given to 43 doctoral scholars during the year.

The list of National, Senior, Doctoral and Post-Doctoral fellowships awarded and the fellowship reports received during the year are given in the **Appendix- 4**.

Training and Capacity Building Programme

Investigation of social phenomena requires special kind of preparation and training. Over the years, social sciences have perfected their tools and have become more and more involved in empirical research. The gap that exists between teaching and research is wide and rather unfortunate: while the number of students trained in social sciences is growing every year, a significantly high proportion of them is ill-equipped to carry out social science research scientifically. It is commonly felt that unless a proper infrastructure is built the quality of research will not improve. Realising this lack of training in Research Methodology and considerable pressure to overcome this deficiency, the ICSSR, since 1971, has been

organising / sponsoring training courses in Research Methodology.

The Council provides grant to the social science faculty members for organising 'Research Methodology Courses' for Ph.D students. The objective of this programme is to develop research capabilities of young Ph.D students and to make them capable as future researchers. The aim is to give hands-on experience in preparing them for their Ph.D work. The programme has been designed in a modular format with an emphasis on interactive sessions and discussions of sample research papers with an option to specialise in either qualitative or quantitative methods. The 'Research Methodology Course' is for 10 days with budget allocation of Rs. 5, 50,000.

Recently, **Capacity Building Programme** for young social science faculty, who are interested in taking up research in social science, is also introduced. The specific objective of this programme is to develop capacity for conceptualising and writing research proposals, enhancing skills to prepare appropriate research design and writing a research paper for publication. The 'Capacity Building Programme' is for Two week with budget allocation of Rs. 9, 40,000.

These courses are organised in different parts of the country by the ICSSR Research Institutes, Central/State universities and college departments with financial support from the ICSSR. During the year, the ICSSR has sponsored a total number of 146 programmes including 108 under Research Methodology and 38 under Capacity Building Programme (**Appendix 5**).

National and International Seminars

The ICSSR in its endeavour to encourage dialogue and discussion on important issues of social science relevance, promotes and provides partial financial assistance to organise National/International Seminars/Conferences/Workshops in India. The ICSSR's 'Seminar Grant Scheme' aims at facilitating research in different disciplines of social sciences and interdisciplinary areas by way of funding seminars that provide opportunities to national and international social science researchers, academicians and scholars to exchange views and opinions, debate and address research questions on themes of contemporary and policy relevance and generate academic research output on important social issues. Another major objective has been to promote

seminar activities in backward, moffusil and neglected areas and encourage scholars from special categories/ regions, like SC, ST and North-East region.

The 'ICSSR Seminar Grant Scheme', since its inception has been responsive, that is, giving partial financial assistance to seminar proposals received in the Council. The year 2012-13 has marked a turnaround for the 'ICSSR Seminar Scheme' following a major revamping and multiple increase in the budget allocation. As a result, the number of seminars sponsored increased from 141 to 361 entailing an increase in actual expenditure from Rs.99.27 lakhs in 2011-12 to Rs. 781.30 lakhs in 2012-13. In the year 2012-13, for the first time, there were earmarked allocations under Scheduled Caste Plan and Tribal Sub-Plan besides the North-East Region Programme and the targets set were achieved beyond limits for all these special categories.

The proposals received were considered by the 'Expert Committee' and individual grants were recommended after evaluation of the proposals keeping in view their varying nature, participation and financial requirements of national seminars and international conferences. Seminar proposals were classified in two categories, viz. National Seminars and International Conferences depending on the level of participation and perspective. Accordingly, a distinction was made between their respective evaluation criterion and funding.

The lists of seminar proposals approved including their sanctioned amount and convener's category under the International and National Seminars categories during the year 2012-13 may be seen at **Appendix-6**.

Future Perspective

ICSSR - Amartya Sen Awards for Distinguished Social Scientists

The ICSSR has instituted the **Amartya Sen Awards** for Distinguished Social Scientists for promoting social science research in India. These prestigious awards are an opportunity to honour the outstanding contributions made by social science scholars towards promoting scientific knowledge in the domain of social sciences. These are envisaged to be distinguished awards for social science research in India, similar to the 'Shanti Swarup Bhatnagar Awards in Sciences' given by the Council of Scientific and Industrial Research (CSIR), Govt. of India.

The award comprises a citation, and a cash award of Rs. 10 lakh. Each year up to ten awards will be given to scholars who have made outstanding contributions to social science research. Any citizen of India/ Overseas citizen of India (OCI)/Persons of Indian Origin (PIO), below the age of 55 years, as on 31 December of the year of the award, engaged in research and who has made contribution to any field of social sciences, will be eligible for consideration for this award.

Each year, one Amartya Sen Award would be considered to be conferred in each of the following disciplines of social science research:

1. Economics
2. Commerce / Management
3. Sociology / Social Work / Social Anthropology
4. Political Science /International Studies / Public Administration
5. Geography / Population Studies
6. Psychology / Education
7. Legal Studies/ Human rights
8. Gender / Marginalized Group Studies
9. History / Archaeology
10. Philosophy / Cultural Studies

The awards will be given by the ICSSR based on the final approval of the Council on the recommendations of the 'Awards Committee'. The 'Awards Committee' will consider only the names as recommended by the 'Subject Screening Committees'. The 'Amartya Sen Awards' for a particular year will be announced in the following year, according to the schedule given in the advertisement for that year's awards. The Amartya Sen Awards will be conferred through a formal presentation ceremony arranged by the ICSSR. The awards will be notified in the leading newspapers to give it a wider publicity for consideration.

Documentation

The National Social Science Documentation Centre (NASSDOC), an important unit of the ICSSR, provides documentation, information and library support to the social science research community through its various activities and schemes.

Library and Reference Service

The Library of ICSSR- NASSDOC has a wide range of collection (25,000) of reference sources like bibliographies, encyclopedias, directories etc.; grey collection of doctoral theses, research project reports, special collection on research methodology, research surveys on all social science disciplines. NASSDOC Reading Room has been providing facilities to the researchers to pursue their research goals in a very conducive environment. While all other units work on five days basis, the Reading Room opens from Monday to Saturday.

A total number of 6935 research scholars visited the library during the year 2012-13. A large number of reference queries were attended on telephone, in person and through correspondence/ e-mail/ fax/ etc. Research related information was provided to scholars from NASSDOC's in-house databases and by exploring electronic sources and several Internet based sources.

Library Membership

ICSSR-NASSDOC library's membership is open to the following categories of readers:

Official Members -These include ICSSR Council members/ senior officials of the ICSSR secretariat and regular professional staff of the ICSSR (i.e. Research Assistants/ Documentation Assistants and above). They are entitled to borrow books from the library.

Consulting Members - Consultation facility is extended to academicians, research scholars, students and members of general public that may include retired persons and other categories of readers. Consultation membership fee is Rs. 200 per annum (minimum Rs. 50 for one month).

Borrowing Members - Borrowing facility is extended to social scientists, academicians, students and general readers who are registered as members of the library. Books are issued against a deposit of Rs.500/- per book. Two books are issued to individual members at a time.

Institutional members - Institutional membership is available against a payment of Rs.4000/- per annum. Five books can be borrowed by an institutional member for a period of one month.

There is no fee for guest readers who want to consult the library for a day or two. They are issued a guest card for the day.

Library membership form is available at library counter and can also be downloaded from ICSSR website www.icssr.org

A total number of 193 members have taken membership during the year and two institutions have renewed their membership.

Online Databases

Two computer terminals in the reading hall are specifically devoted for the purpose of online database search. Members can also refer to online journals in the reading room of the library. Following eight online databases and one offline database were subscribed during the year:

1. EconLit (1969 onwards) (Economic Literature from American Economic Association).
2. Indiatat.com and its all other associate sites.
3. International Political Science Abstracts (IPSA) (with back files since 1951 onwards).
4. Journal Citation Reports - Social Sciences Edition, 2011.
5. Prowess (offline) (from Centre for Monitoring Indian Economy).
6. PsycINFO (from American Psychological Association, 1806 onwards).
7. Social Science Citation Index with Abstracts (2003-2012).
8. Sociological Abstracts (1952 onwards).
9. DELNET (Developing Librarian Network, gives access to 11 databases).

Apart from these, the Centre also subscribed to the following four databases with full text downloadable facility:

1. JSTOR. It was subscribed for NASSDOC and 24 research institutes

of ICSSR under ICSSR consortium of E-Resources in Social Sciences.

2. J-Gate Social and Management Science.
3. J-Gate Library and Information Science.
4. LISTA (Library, Information Science and Technology Abstracts) Full Text.

These are full text article databases in various disciplines of social sciences. The searched results can be saved, copied or e-mailed. A total no. of 466 scholars have accessed all the above databases during the year.

Circulation of Documents (Issue / Returns)

The scholar using services of NASSDOC is usually a researcher who is working for his / her Doctorate / Post Doctorate or writing a conference paper or working on some research project. For this purpose he/she needs journal articles, grey literature including institutional papers e.g. working papers / discussion papers / occasional papers. This is a consultation collection which has to be used in the reading room only by a scholar. However, a total number of 544 documents other than grey literature were circulated among ICSSR staff members and other borrowing members.

Inter-library Loan

For providing books/ journals to scholars/ libraries, which are not available in NASSDOC, it gets them on loan from other libraries. Similarly, books and journals are issued to outside libraries. During the year, 43 books were issued to outside libraries.

Educational Tour Programme

In the field of social sciences NASSDOC is the only documentation centre in the country. It is a part of curriculum of various Library

and Information Science schools of Indian universities and other educational institutions. NASSDOC was the second library which introduced Radio Frequency Identification (RFID) technology in the country. Students and teachers of these universities and institutions visit NASSDOC to acquaint themselves with its programmes, services and technology used in its services.

During the year, following groups visited NASSDOC :

1. Centre for the Professional Development in Higher Education (CPDHE) and Department of Library & Information Science, University of Delhi conducted a Refresher Course in Library & Information Science for the University and College Teachers/Librarians from June 28-July 18, 2012. Under this programme 14 participants along with the course convener visited NASSDOC.
2. Students and faculty members of Department of Library & Information Science of Central University of Himachal University, Dharamshala.
3. A team of five trainees from Delhi University, Department of Library and Information Sciences, Delhi underwent an internship programme of one month.
4. Students and faculty members of School of Archival Studies, National Archives of India, Delhi.
5. Two students of Master of Library & Information Sciences of Jamia Millia Islamia, Delhi studied the documentation activities of NASSDOC and library functioning.

6. Fifty students of B.Lib.I.Sc and M.Lib.I.Sc along with 3 faculty members of Multani Mal Modi (P.G.) College, Modinagar (U.P.).

Acquisition of Books / Theses/ Periodicals

During the year, 557 documents have been added to the library collection. It included 291 books and conference papers/ proceedings, 76 PhD Theses (purchased 23, **Appendix – 11**; Gratis-53) and 190 Research Project Reports. 682 periodicals were acquired by the library through subscription / exchange/gratis. Out of these, 232 were subscribed and 450 journals were received under the exchange/gratis/grant programme during the year. NASSDOC Continuing Education Programme

In order to keep in touch with the latest developments and to develop specialized skills in accessing social science information, NASSDOC organises short-term-training workshops/seminars/interactive sessions and lectures under its 'NASSDOC Continuing Education Programme' on regular basis. These programmes provide an easy way to refine and upgrade the information locating skills of information professionals, researchers and others working in academia, business and government. These training courses are constantly improved using feedback from the participants and the resource persons.

NASSDOC organised the following workshops / seminars under the ‘Continuing Education Programme’:

1. National seminar on “Electronic Librarianship in India: Issues and Trends” at Orissa University of Agriculture and Technology, Bhubaneswar from 19-20 May 2012.
2. Training workshop on “Expansion in Developing and organising Digital Information Resources” at Birla Institute of Technology, Mesra, Ranchi from 24-26 September 2012.
3. Training workshop on “Information Resources and Web Technology” at Madhya Pradesh Institute of Social Science Research, Ujjain from 4-6 October 2012 (only for SC/ST participants).
4. Training workshop on “Library 2.0 Phenomenon: Deploying Web 2.0 Tools to Enhance Library Services” at Centre for Research and Industrial Staff Performance, Bhopal from 16-19 October 2012.
5. Training Workshop on “Various Trends of Information Communication Technology and its Applications in Social Science Information” at Jiwaji University, Gwalior from 31 January- 2 February 2013.
6. Training Workshop on “Awareness Programme for Registered Research Scholars (Hindi Medium) in Social Sciences” at NASSDOC, New Delhi from 14-15 February 2013.

Compilation of Bibliographies / Literature Search Service

During the year under report, 116 short and select bibliographies with abstracts (**Appendix-11**) on various topics related to social sciences research were compiled and supplied to research scholars and ICSSR officers on the basis of requests received from them.

An in-house database has been created using WINISIS software to store and retrieve these compiled bibliographies. The database can be searched by Author, Subject, Year, Journal and Title of bibliography. The database has approximately 27,000 bibliographical records, which include journal articles, books, research reports and theses. During the period, 7,000 records were added in the database.

Current Awareness Service

The purpose of this service is to let the scholar know of new developments in his/her field of research in NASSDOC. It was provided by bringing out the following serial publication:

- New Arrivals – Four Issues (Jan 2012-March 2013)

Apprenticeship Programme

Under the Apprenticeship Act, 1961 of Ministry of Labour, Govt. of India, NASSDOC provides one- year apprenticeship to those Library Science Diploma and Degree holders who have graduated in the current year. During the period, six candidates were recruited under the scheme.

Internship Training Programme

B.Lib.Sc. (Bachelor in Library Science) students are required to undergo one-month rigorous internship training to fulfil their

course requirements. University of Delhi and Jamia Millia Islamia depute 4-5 students to NASSDOC every year. Under this programme, these students are engaged in different sections and they are given all round exposure of working of NASSDOC and its activities. After one month training programme, NASSDOC issues a certificate to each student as per the grading system of the university.

Membership of Professional Bodies

Membership of professional bodies helps NASSDOC to have access to their online resources, their free or discounted publications like journals, e-bulletins, magazines, newsletters, networking opportunities, conferences and seminars, information and support, advocacy and campaign, etc. Annual membership was subscribed to International Federation of Library Associations and

Institutions (IFLA), The Hague, Netherlands, DELNET (Developing Library Network), Indian Library Association (ILA) New Delhi, Indian Association of Special Libraries and Information Centres (IASLIC), Kolkata.

Photocopy Service

As many as 37,500 pages of photocopies were supplied on request to scholars and officials of the ICSSR for their academic work.

Sales Unit

For the wider dissemination of social science research information, the ICSSR has a ‘**Sales Unit**’. During the year, 61 publications were sold and 32 publications were distributed to 25 ICSSR Research Institutes and Six Regional Centres.

Research Survey and Publications

ICSSR Journals of Abstracts and Reviews

The ICSSR has been publishing its Journals of Abstracts and Reviews biannually in the disciplines of Geography, Economics, Psychology, Political Science and Sociology & Social Anthropology containing the abstracts and reviews of the published research work. This overview of the empirical as well as conceptual work available in some select journals in the form of ready-reckoner of sources to facilitate researchers' initiation into research has been organised thematically to give an idea of the contemporary and emerging concerns of the social scientists on issues India is grappling with as well as to underline some of the issues that deserves greater attention from researchers. The ICSSR, after reviewing the programme, took a decision to commence a new digitalised series of these journals from the year 2008.

The following journals have been digitalised during the year 2012-13:

1. ICSSR Journal of Abstracts and Reviews in Political Science: Vol. 36 (No.1 & 2).
2. ICSSR Journal of Abstracts and Reviews in Economics: Volume 12 (No. 1 & 2).
3. ICSSR Journal of Abstracts and Reviews in Psychology: Volume 16 (No.1 & 2).
4. ICSSR Journal of Abstracts and Reviews in Geography: Volume 35 (No. 1 & 2).

The following journals were under publication during the period under report:

1. ICSSR Journal of Abstracts and Reviews in Political Science: Volume 37, No.1.
2. ICSSR Journal of Abstracts and Reviews in Economics: Volume 13, No.1.
3. ICSSR Journal of Abstracts and Reviews in Geography: Volume 36, No.1.
4. ICSSR Journal of Abstracts and Reviews in Psychology: Volume 17, No.1.

Research Survey Programme

The Council, since inception, has undertaken the task of surveying research developments in chosen disciplines of social sciences through its programme of surveys of research. The core objective of the surveys has been to have a comprehensive overview of research undertaken during a specified period, involving stock-taking of what has been achieved in the discipline in terms of theory, methodology, empirical evidence and gaps which need to be prioritised for future agenda.

The Council has undertaken the Sixth Round of ICSSR Research Survey in the discipline of Psychology, Political Science, Geography, Sociology & Social Anthropology and Economics covering the period preferably 2003-09. An 'Advisory Committee' consisting of eminent social scientists was formed to oversee the work of Research Surveys. The

surveys have been renamed as ‘Surveys and Explorations’. The Research Survey Reports pertaining to Political Science, Sociology and Social Anthropology, Geography and Economics have been sent to M/S Oxford University Press for its publication. The final Research Survey Report pertaining to Psychology is likely to be ready by February, 2014. The four volumes i.e. **‘The Indian State’, ‘Indian Democracy’, ‘Indian Political Thought’ & ‘India Engages the World’**, pertaining to ‘ICSSR Research Survey and Explorations in Political Science’ were released by Prof. Sukhadeo Thorat, Hon’ble Chairman, ICSSR during 22-23 February, 2013 at a glittering function organized by the ICSSR at JNU Convention Centre, New Delhi. A National Conference was also organized to commemorate the occasion. The conference was attended by eminent social scientists

including the Chief Editor, Theme Editors and Paper Contributors belonging to the respective volumes representing central, state universities and other esteemed organizations in the political science discipline. The Volumes were published by M/S Oxford University Press (OUP), New Delhi.

Other Programmes

During the period, publication grant was given to 20 Doctoral Theses and Research Reports for their publication. Ad-hoc grant-in-aid was also given to 74 professional organizations/associations of social scientists for publication of their journals /maintenance and development. The detailed list of doctoral theses/research reports published and professional associations/organisations is given at **Appendix-7**.

Regional Centres

The Regional Centres were established as part of the Council's programme of decentralising administration, broad basing social science research, and involving social science institutions in the region in promoting social science research. Their main roles were defined as follows:

- Represent the ICSSR within the region and spread the message and the programmes of the ICSSR to social scientists in the region;
- Bring the ideas and problems of the social scientists of the region to the notice of the ICSSR for possible action;
- Bring the social scientists of the region closer for promoting social science research within the region; and
- Serve as a link between the social scientists of the region and the national and international community of social scientists.

Activities

- Promoting documentation and bibliographical work in the regional languages;
- Organising seminars/ workshops / conferences in the region;
- Organising lectures by distinguished scholars;
- Assisting regional professional associations of social scientists and

social science journals in the regional languages;

- Providing low-cost accommodation (wherever possible) to scholars/students visiting the place for library or field work;
- Awarding study grant to scholars for visiting libraries and institutions for academic work;
- Providing photocopying facilities to scholars, especially photocopies of selected articles from journals etc.; and
- Any other activity that may promote social science research in the region and/or any such activity that may be delegated by the ICSSR.

Regional Centres have developed infrastructure and research support facilities over the years with the assistance provided by the ICSSR and the host institute. These include hostel/guest house facilities, library space, conference halls, seminar rooms and reprographics facilities etc.

ICSSR Regional Centres

The ICSSR has **Six Regional Centres**.

1. **Eastern Regional Centre (ERC), Kolkata** covers Bihar, Odisha, West Bengal, Jharkhand and the Union Territory of Andaman and Nicobar Islands.

ERC, Kolkata, situated at 1/R-1, Baishnabghata Patuli Township, Patuli, Kolkata, WB 700094, is the national center to provide social science material to scholars in Bengali and Oriya. The Centre enriched its library by subscribing 32 new journals. The Centre funded 18 seminars/conferences. Two Scholars were provided study grant. Grant was also provided to one publication.

2. **Northern Regional Centre (NRC), New Delhi** covers Madhya Pradesh, Rajasthan, Uttar Pradesh, Uttarakhand, Chhattisgarh and Delhi.

NRC, New Delhi, situated at Jawaharlal Nehru University, CRS Building, Aruna Asaf Ali Road, New Delhi - 110067, acts as a national center to provide social science material to scholars in Hindi and English. Research Institutes

Background:

The Indian Council of Social Science Research provides maintenance and development grant to 25* Research Institutes. Sponsoring of research institutes outside the scope of the University Grants Commission has been one of the major programmes of the Council in enlarging the base of social science knowledge, improving the quality of research, and promoting an interdisciplinary perspective. These institutes constitute an important mechanism for implementing the Council's policy of dispersal of research talents and building up of research capabilities in different regions of the country, particularly in the areas where social science research is not yet well developed.

The Research Institutes have established close links with the scholars in the region as well as elsewhere through various activities such as seminars, workshops, training and consultancy programmes. Some of the institutes are closely associated with national and state level planning and development agencies, and have thereby strengthened the links between research and policy making.

Each institute determines its own direction of research, which includes a wide spectrum of subjects related to agricultural and rural

development, industrial structure and growth, income distribution and poverty, employment and wages, inter-regional differences in levels of development, education, health, nutrition, problems of weaker sections of society including women, energy, technology, ecology and environment, and social, cultural and institutional aspects of development. Thus, research studies have generated substantial empirical knowledge of the structure of Indian economy, polity and society and their dynamics both at the national and regional levels.

During the last five years, 1408 research projects have been completed by the institutes, while 1850 are ongoing. These cover a wide spectrum of issues relating to areas that are already mentioned above. What is more significant in these efforts is that they are not only interdisciplinary in character, but also focused on regional and local problems. In this process, the institutes have become centres of research for the region's specific issues and have greatly contributed to an awareness of the nature of development problems and potential of the country as a whole. In terms of publications, the institutes have brought out 648 books and 909 working papers during the last five years.

Another important activity, that has been given

importance by the Council, is training of young social scientists by the research institutes through M.Phil. and Ph.D. programmes, workshops and seminars. During the last five years, 171 Ph.Ds. have been produced and 974 scholars have been working on their Ph.D.

The Council can legitimately take pride in its role in promoting the research and training efforts made by the research institutes. 240 projects were completed in these institutes during the year, under report. The total number of ongoing studies at the end of the year was 495.

Research institutes disseminate the results of their research studies in the form of published books, mimeographs, working/occasional papers, etc. During the year, the number of books published was 113, monographs/mimeographs were 56 and working/occasional papers and articles were 130. The number of research papers published was 738.

The institutes also undertake training of young social scientists and assist fresh researchers in designing and conducting their research. To this end, doctoral fellowships have been provided to these institutes. Some of the institutes have been assisting in teaching and training programmes for M. Phil. and Ph.D. students. In addition, as per the Council's policy, they participate in postgraduate teaching, research guidance in the universities and also involve the university teachers in their research programmes. During the year, 324 scholars were working under the guidance of faculty members of the research institutes, 36 were awarded Ph.D. degrees and 33 scholars submitted their doctoral dissertations. 591 seminars and workshops were held during 2012-13.

Publications / Journals

The Centre’s faculty has always contributed to the research profile of the institution through their individual publications. These reflect both the individual research interests of the faculty as well as the projects undertaken by them. The publications are always refereed and testify to the high academic standards of the CSSSC’s faculty.

The CSSSC encourages affiliation of visiting scholars, enabling them thereby to develop their research work and build important bases of collaboration. In addition to the protocols that have been developed with the American institute of Indian Studies, the centre also grants affiliation to senior scholars who may apply for short term affiliation to pursue their research in collaboration with faculty members at the CSSSC. Affiliation extended to eight foreign and three Indian scholars during the year.

Training

Since its inception, IEG has functioned as a centre for specialised teaching and training. Since 1968, on behalf of the Department of Economic Affairs, Ministry of Finance, Government of India, its IES Section has conducted a training programme for Indian Economic Service probationary officers in techniques of economic analysis, policy analysis and planning.

During 2012–13, the Institute conducted induction-level training for IES Officers from 5 November 2012 to 30 November 2012.

There were 23 participants. Also, a training programme was held for the 34th batch of IES Trainee Officers from 2 January 2013 to 11 May 2013. There were 29 participants. Prof. Arup Mitra was the Course Director for both courses. IEG also organised short-term orientation and refresher courses on request from the government or other institutions.

Library

The IEG library contains a specialised collection of books and documents in the social sciences, with an emphasis on development and planning. It caters mainly to the needs of faculty research and training. It also has micro documents, serials and official publications brought out by research organisations, corporate bodies, international organisations and their allied agencies, universities and the Central and the State governments, departments and their research and evaluation cells.

At present, the library has about 143,500 accessioned documents, including books, monographs, workshop papers, conference proceedings, and about 3,000 statistical serials in the social sciences containing statistical information on India and other countries. It also has micro documents such as Institutional Research Reports, working papers and annual reports of companies and government departments and other bodies. In addition, it has a stock of 21,000 back volumes of journals of 1,250 titles. The library receives 299 journals of which it obtains 113 journals on subscription, 62 journals in exchange and 124 gratis. The library exchanges IEG's research output and publications (including its journal, *Contributions to Indian Sociology*) with similar institutions in India and abroad.

The library has a complete set of census reports commencing from 1872. For the period 1872 to 1951, the census data is in microfiche format and from 1951 to 2011 in hard copy. For 1991, 2001 and 2011, the census is also available in CDs. It also has a unique collection of old manuscripts and documents which it inherited as part of the UNESCO collection.

Presently, the library is connected with the University of Delhi's LAN systems. This allows access to many online resources, journals and databases like Taylor and Francis, Oxford University Press, Cambridge University Press, Sage Online, Econlit, JSTOR, ScienceDirect, EBSCO, etc. 965 books and other documents were added during Apr 2012 to Mar 2013.

Publications and Journals

The publications of the Institute included 10 Working Papers, 10 other Papers, 3 books and

61 articles/research papers in national and international journals during 2012-13.

Also, the Institute regularly brings out a major journal Contributions to Indian Sociology and a periodical Monthly Monitor.

Contributions to Indian Sociology (CIS) is a tri-annual journal, sponsored by IEG and published by SAGE publications—in February, June and October. The journal also publishes special issues to highlight new and significant themes in the discipline.

Monthly Monitor is a periodical brought out by the Development Planning Centre (DPC) of the IEG. It analyses and comments on the trends and forecasts of major macroeconomic variables for India.

New Initiatives

Collaborative Research Programme on Public Health

The Institute for Studies in Industrial Development (ISID) and the Public Health Foundation of India (PHFI) have entered into a MOU for undertaking collaborative research in the areas of Pharmaceutical and Medical Devices Industries development, Innovation, Health care and Public Health. While PHFI has been active in the area of Health Economics, ISID’s focus is on industrial development. A meeting of the programme team was held on March 20, 2013 to discuss and explore the

possible areas of collaborative research in the area of public health issues arising out of industry and allied activities.

Media Centre

1. Issues and Challenges of Informal Sector Enterprises

Synopsis: Production of a short film showcasing the problems and challenges faced by the entrepreneurs of the Informal Sector Enterprises was initiated. The film aims to bring to notice stories and lives of these entrepreneurs, their problems and explore ways to empower them.

2. 25% Reservation: School Quota for Poor

Synopsis: A production of a film that takes a closer look at the reservations for poor children in private-unaided schools to explore and investigate, whether this decision of the government is a landmark step forward or a bad mistake. Private Schools and institutions who have been given land or other subsidies on the condition that they provide 25% reservation for the economically weaker sections find ways and loopholes to violate these conditions. Some of these questions we wish to raise and debate in this production.

Accounts

Separate Audit Report of the Comptroller & Audit General of India on the Accounts of Indian Council of Social Science Research for the Year ended 31 March 2013

We have audited the attached Balance Sheet of India Council of Social Science Research (ICSSR) as at 31 March 2013, the Income & Expenditure Account and Receipts & Payments Account for the year ended on that date under section 20(1) of the Comptroller and Auditor General's (Duties, Powers and Conditions of Services) Act, 1971. The audit has been entrusted for the period up to 2013-14. These financial statements include the accounts of six regional centres of the ICSSR. These financial statements are the responsibility of the Council's management. Our responsibility is to express an opinion on these financial statements based on our audit.

2. This separate Audit Report contains the comments of the Comptroller and Auditor General of India (CAG) on the accounting treatment only with regard to classification, conformity with the best accounting practices, accounting standards and disclosure norms etc. Audit observations on financial transactions with regards to compliance with the Law, Rules and Regulations (Propriety and Regularity) and efficiency-cum-performance aspects, etc., if any, are reported through Inspection Reports/ CAG's Audit Reports separately.
3. We have conducted our audit in accordance with auditing standards generally accepted in India. These standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatements. An audit includes examining, on a test basis, evidence supporting the amounts and disclosure in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of financial statements. We believe that our Audit provides reasonable basis for our opinion.
4. Based on our audit, we report that:
 - (i) We have obtained all the information and explanations, which to the best of our knowledge and belief were necessary for the purpose of our audit.
 - (ii) The Balance Sheet, Income and Expenditure Account and Receipt and Payments Account dealt with by this report have been drawn up in the format prescribed by the Government of India, Ministry of Finance.
 - (iii) In our opinion, proper books of accounts and other relevant records have been maintained by the ICSSR in so far as it appears for our examination of such books.

- (iv) We further report that:

A. Balance Sheet

A.1. Liabilities

A.1.1. Corpus/ Capital fund (Schedule 1 & 1A) – Rs. 31.34 crore.

Western Regional Centre, Mumbai and Eastern Regional Centre, Kolkata of ICSSR had shown an amount of ₹ 2.21 crore and ₹ 0.14 crore respectively under 'Reserve and Surplus' instead of 'Corpus/ Capital Fund' resulting in understatement of 'Corpus/ Capital Fund' by ₹ 2.35 crore and overstatement of 'Reserve and Surplus' by the same amount.

A.1.2 Earmarked/ Endowment Fund

Accrued interest of ₹ 35.95 lakh (₹ 23.24 Lakh on the investments of Chintan Guest House and ₹ 12.71 lakh on the investments of Pension Fund) had not been accounted for resulting in understatement of Earmarked / Endowment Fund and Current Assets by the same amount.

A.1.3. Current Liabilities and Provision (Schedule 7)- ₹ 11.62 lakh

As per Accounting Policy No. 10, provision for gratuity and leave encashment is accounted for on actuarial valuation. But no actuarial valuation of gratuity and leave encashment liabilities as on 31 March 2013 has been done. However, as per actuarial valuation of gratuity and leave encashment as on 31 March 2007, a liability of ₹ 27.38 crore has been worked out against which ICSSR has made a provision of ₹ 129.14 lakh only under Deferred Credit Liabilities in the North Western Regional Centre, Chandigarh Accounts (₹120.19 Lakh) and Eastern Regional Centre, Kolkata (₹ 8.95 Lakh).

A.2 Assets**A.2.1 Fixed Assets (Schedule 8 & 1-A) – ₹ 27.68 crore**

A.2.1. No depreciation has been provided on library books & gifted books at ICSSR headquarters and on the fixed assets of its Southern Regional Centre, Hyderabad, since its inception.

B. General**1. Depreciation Policy**

Although the accounting policy in the consolidated accounts states that depreciation is provided on written down value method as per rates specified in Companies Act but the ICSSR Hqrs. and its regional offices did not uniformly adopt the depreciation method and rates.

2. Consolidation of Accounts

Consolidated Receipts and Payments Account and Income & Expenditure Account of ICSSR headquarters and its six Regional Centres have not been prepared. Two sets of Receipts and Payments Account and Income & Expenditure Account have been prepared i.e. one for ICSSR Headquarters and another for its Regional Centres. This does not give a complete panoramic view of the financial activities of ICSSR as a whole.

C. Grant-in-aid

ICSSR had unspent balance of ₹ 72.48 lakh (Plan: ₹ 0.65 lakh; NER: ₹ 66.70 lakh and Non-Plan: ₹ 5.13 lakh) of previous year. Annexure to Audit Report

1. **Adequacy of Internal Audit System and Internal Control System:**
ICSSR has an 'Internal Audit Cell'. All the files at Headquarters are pre-checked by 'Internal Audit Cell' before making final payment. The 'Internal Audit Cell' however does not conduct the internal audit of the Council or its units.
Annual Accounts have compiled from the un-audited accounts submitted by the regional centres. It indicates lack of control on the reporting and account of its centres.
The Management's response to audit objections is not effective as 78 paras from nine Inspection Reports for the period from 2001-02 to 2010-11 were outstanding as on 31.3.2013.
2. **Physical Verification of Fixed Assets :**
Physical verification of fixed assets had been conducted till the year 2010-11.
3. **Physical verification of inventory**
Physical verification of inventory such as stationery and consumables etc. had been conducted till the year 2010-11.
4. **Regularity in payment of statutory dues :**
As per accounts, no statutory dues over six months were outstanding as on 31.3.2013.
